

Brian's Trailer Update

Significant progress was made again this month on Brian's trailer in Osburn. Jeff Crawford removed the existing furnace, and installed a new electric furnace in the trailer. Despite the progress made last month on the sheetrock, there was still some sheetrock that needed to be removed and replaced. Don Mathews finished replacing the sheetrock in the closet so that the hot water heater can be installed. In addition, the south wall in the bathroom needed to be reinforced and sheetrocked, which Don completed as well. He also did sheetrock repair in the hall where the washer and dryer cupboards sat.

The trailer also needed extensive electrical work. Several electrical outlets were not working at all in the bedroom, kitchen and bathroom. Almost every single switch, fixture and outlet in the entire trailer needed to be replaced. Some did not meet code (need GFI in the bathroom and kitchen) and some were just worn out and dangerous.

The Braunstein family returned this month to further assist with the remodel of the trailer. They made significant progress including:

- Painted much of the trailer
- Installed new kitchen cabinets
- Installed new kitchen sink and faucet
- Installed new microwave and range

Bryan Weed and Joshua Braunstein work to install the kitchen cabinets that their group donated to Brian's trailer.

Outstanding tasks to be completed Prior to Brian's move-in:

- Shower pan and drain installation
- Toilet water supply line needs to be run under trailer
- Electric switches installed in bedroom and bathroom
- Kitchen sink drain line and water supply installation

Please contact us if you can help with any of these tasks!

Brian's Trailer Update

All the proceeds from all our raffles at the craft fair events will go directly for downpayment on Brian Canterbury's home. Watt's appliance generously donated a kitchen range to our organization, which Joshua Braunstein installed in the trailer. In addition, Watt's is giving us a great deal on additional appliances for the home.

Joshua paints behind where the range donated by Watt's Electric will fit. The Braunstein group brought the new microwave.

Greater Blessings Project

Bob Whitman, Clint Kunze and Judy Blalack went to see Michael Venovich about his request for Greater Blessings. His insurance company said they would not renew his homeowners insurance until his driveway is fixed and a new electrical circuit box is installed. We are waiting to hear back from the insurance company for more information.

John Boy's Ramp

Due to upcoming surgery in November, John Boy needed to have a ramp installed at his home. Tabatha Weaser stepped up to help install the railing on John Boy's ramp. He had spent many hours working on her home, so this was a thank you.

October Newsletter Mailing

Join us at 9AM on the 1st Tuesday of the month at St. Rita's Catholic Parish Hall, 27 Kellogg Ave, Kellogg to assist with preparing the newsletters. The process usually takes less than 2 hours.

Kathy McPeak, Linda Amonson, Bob Whitman and Ellie Arguimbau met to prepare the October newsletters for mailing.

This month the Fuller Center for Housing Board voted to donate \$500 to the “No Child Goes Hungry” fundraiser. The fundraiser was spearheaded by Billie Jolliff to ensure that no child in the Kellogg or Wallace School district goes without lunch, even if their lunch account balance is 0, or in the negative.
