

On Wednesday, July 21st a group of Idaho Servant Adventurers from Minnesota brought pre-measured lumber to repair the roof corner of the Fuller Center storage shed. A large cottonwood limb broke the corner almost completely off during the January windstorm.

Greater Blessings at the Blalack home

The Fuller Center coordinates with Clint Kunze and the Idaho Servant Adventurers from the Shoshone Mountain Retreat (formerly Shoshone Base Camp) with their Greater Blessings Projects.

In addition to the repair on the roof, this group helped finish cleaning and organizing the Blalack's basement. The two previous days, a different group from Minnesota came to help sort and organize tools under John Boy Delaney's leadership. First John Boy organized the red tool shed where Verne's recycling and construction tools were placed after the ReUse Store closed. Then with others helping, he moved the tools scattered from the garage, basement and carport into the red shed where tools can now be easily located.

Others tackled yard work, mowing, weed-eating, weeding, planting, and window washing. These volunteer youths and their supervisors are truly a blessing to the homeowners who need help.

John Boy and Servant Adventure supervisor, Abby, clear out the tools and recycled metal scattered in the basement.

Part of the crew cleared out the weeds and clutter from around the lumber storage shed.

But you be strong! Don't let your hands be slack, for your work will be rewarded.

Greater Blessings Helpers

After weeding the flower beds, these girls are ready to plant.

The last job these girls tackled was planting peas & potatoes in the garden. They also erected wire to hold the peas up. Potatoes are best planted on top of the ground with about 12" of mulch to keep the new potatoes healthy above this soil. For those from the cities, it was a bit of a learning experience for the girls.

Linda Amonson Collected Prize Donations

Skippy Striker, owner of the Best Little Hair House in Wallace, donates a certificate to be used in our fund raisers. She has been a supporter of this organization for many years. Her family, the Carons, and Verne's family were close friends so the kids were childhood playmates.

Danylle McClain at Woodland Market and Studio donates huckleberry items for our fund raising prizes.

Linda Amonson holds the donated Idaho garnet jewelry while she pets Jake at Idaho Silver.

Brady Bourgard at the North Idaho Trading Post hands a vintage photo to Linda Amonson to be used as one of our prizes.

We thank these businesses for supporting our newsletter.

Since Kathy McPherson has pneumonia, Penny Kalis kindly brought the certificate from Costco for the Golf Scramble. A representative has to get it in person.

We definitely need construction supervisor help. We need someone to design to code a set of stairs up the hillside in Wallace.

We also have requests for help replacing some tiles that blew off a roof. Homeowner has matching roofing to fix the damage.
