

Kay Baker, future homeowner, and realtor Shelly Hopper arrive to check out the house that the Fuller Center plans to buy as a home for Kay. The house needs some renovation so it will be later this summer, hopefully, before we can sell it to Kay.

### A Home for Kay

Several years ago, Kay Baker applied and was accepted to be a homeowner. After she had completed her “sweat equity” hours, she became ill and dropped out of the program. We are delighted that she feels well enough to work with us again.

### Update on Krista’s Trailer

Krista called to say that the ground has finally dried out behind her trailer so the concrete truck will be able to get in to pour around the posts supporting the snow roof. There also needs to be gravel placed around to offer support to the posts.

Our thanks goes to the Zanetti Bros. for offering to donate both the concrete and the gravel. And, thanks to Tony Silva for supervising the pour.

When the Fuller Center Bike Adventurers arrive, they plan to work on our projects June 14. We expect them to move the gravel and install the siding on the last wall on John Boy’s house. It was too cold to finish the siding last fall.

### Closing the Store

It has been a hard and painful experience closing the ReUse Store. I am extremely happy that we could share with three non-profit groups who came to load what they could use with their own functions. We want to thank all who came to help close the store especially Ellie Arguimbau, Tami Atkins, Gina Doerschel, Mardy & Janel Fisher, the Mace family, John Wilson, Casey Green, Kyle Kriedeman, and others.

A sad note is that Verne can no longer sit by the fire while recycling old motors, visit with many who stopped by to see him and dole out books and toys to the kids. Since there is no library in Smelterville, he felt he was filling a void in their education. A child had to select a book before it could choose a toy.

With his recycling efforts in mind, we personally bought a 10 by 20 foot shed built by the Mennonites. These sheds are for sale in Pinehurst. This shed is in our yard and is to hold the items cleared out of the store which can be used later. We also have set up a *fund for “Verne’s Shed”* which will be another shed like ours to be placed on a SVFCH lot in Osburn near the bike trail. There he can continue with his recycling efforts and John Boy can easily bike on the trail to work with him and friends may come in to visit.

If you have old motors, etc., that can be recycled, please save them until they are settled in Osburn and then give Verne a call at 208-682-3240.

North Idaho Habitat for Humanity brought their lift truck for a load and then came back the next day with a large pickup. These items will be for sale in their ReStore next to Ziggys in Hayden or for construction with their housing ministry. You will find our books over there. ☺

*Therefore by Him let us continually offer the sacrifice of praise to God, that is, the fruit of our lips, giving thanks to His name. But do not forget to do good and to share, for with such sacrifices God is well pleased.*

**Hebrews 13:15-16**

## Closing the Store

St Vincent de Paul also sent a truck and then came back with a trailer.

Tommie Lewis, director of the Bridge, a community center in Wallace that focuses on kids, stopped to label the items they could use or resell. Then her crew came with a trailer. We truly appreciate the young LDS missionaries' help loading things.

St. Vincent's director, Ann Marie Garner, chooses the items they have room to take both at the store in Osburn and in Coeur d'Alene.

Nice to have willing and efficient helpers.

Five members of the Mace family came one day to help and two the next day. Here Nathaniel and Christina disassemble a shelving unit so it could be moved.

Mardy Fisher and Josh Mace move items where they can easily be loaded either to keep or put in the dumpster.

# WISH LIST

♥ Meal providers for the bikers. Need dinners on the 13<sup>th</sup> & 14<sup>th</sup>, breakfasts for the 14<sup>th</sup> & 15<sup>th</sup>, and lunch for the 14<sup>th</sup>. Call Judy at 208-682-3240.

- Helpers with registration of our Ride the Wall, June 21 from 4-6 at The Snake Pit.
- Volunteers ready to help with renovation of Kay's home.
- Supervisors to help with the gravel and also to help install the skirting under Krista's trailer. We hope all is finished this month so we can get insurance on the trailer and sell it to Krista. Then we can have a dedication in July. She still needs to replace some plumbing that came with the trailer.

**We need:** Board Members from the Eastern part of Shoshone County; Committee Members; Committee Chairmen for: PR, Greater Blessings, and Partnership. I am willing to mentor anyone taking any of these roles. Doing one thing is not that onerous but doing all is too much for us. Please call me 208-682-3240 Judy

Please post the Ride the Wall poster inside this newsletter for us.

Our very sincere thanks go to the City of Kellogg for allowing us to use one of their huge dumpsters

when closing the ReUse Store and to the Shoshone County Board of Commissioners' help at the Transfer Station. Dan Garcia did an excellent job of parking the dumpster.

Verne & John Boy loosen the hitch in the front of Krista's trailer so a concrete truck can get to the back yard.
